## **Project Title**

Montana Department of Transportation (MDT) One Stop Shop for Traveler Information

## **Principal Investigator**

Michael Berman Program Manager PBS&J

#### **Research Assistants**

The work performed under this contract has been performed by PBS&J with the assistance of our subcontractors, Current Transportation Solutions and ETC Institute.

#### Introduction

This first monthly report covers the period from July 1, 2007 through July 31, 2007. During that month, the PBS&J team continued work on the early tasks in the project.

The next section provides an overview of the project objective. The report then provides an overview of the progress completed during the previous month, and compares anticipated budget and work to the project schedule.

# **Project Objective**

The objective of this project is to develop an implementation plan for a one-stop shop for traveler information, with a focus on traveler information needs for the transportation-disadvantaged, including the elderly, disabled, and poor. In addition, the plan should address traveler information needs for tourists.

## **Work Progress**

We performed the following tasks:

• Developed plan for gathering information from constituencies not represented at the focus groups.

#### **Issues**

The focus group members were primarily from the human services community. We will likely need to conduct some one-on-one interviews with selected transportation and transit providers to get their feedback. Scheduling these interviews has taken more time

than was initially expected, so the schedule for the project has slipped. A revised schedule is included with this report. Line 23 shows the need to gather additional information. Other changes on the schedule include:

- the deletion of the items related to the mid-project meeting, as we have determined that the meeting isn't necessary
- Shortened time frames for tasks 3.1.5, 3.1.6, and 3.1.7, to ensure that, to the extent possible, we stay on schedule.

#### **Major Accomplishments or Discoveries**

The major accomplishment this month was the completion of the focus group report.

# **Work Projection**

During the next month, we plan to complete the following activities:

- Continue interviews with additional stakeholders as needed.
- Continue work on the implementation plan.

## **Financial Report**

Table 1 on the following page shows the current financial status of the project as of the end of June, 2007. Note that the financial summary lags behind the progress report by one month.
